

*Twenty-fourth Annual*  
**INTERNATIONAL CONFERENCE  
ON INFORMATION SYSTEMS**  
December 15-17, 2004    Seattle, Washington, USA

## IT is Everywhere: Impacts on Life, Work, and Learning

Located in the northwest corner of the continental United States, with a metro population of more than 3.5 million, Seattle is a leading center for advanced technology in aerospace, computer software, bioinformatics, genomics, telemedicine, electronics, medical equipment and environmental engineering. Located in the heart of downtown, the newly remodeled Sheraton Seattle will be the venue for the conference and is surrounded by the city's best restaurants, shopping, and entertainment. The special conference event will be held at Boeing's Museum of Flight which features 54 of the world's most awe-inspiring airplanes—authentic and in mint condition. Keynote speakers will be Scott Carson, President of Connexion by Boeing, and Jeff Raikes, Group Vice President for Productivity and Business Services at Microsoft.
